

Foreign Exchange

Sucden Financial is a highly active participant in the foreign exchange market, which is the largest and most liquid of all financial markets in the world. It is a global marketplace where financial institutions, importers, exporters, investors and hedge funds contribute towards a turnover which exceeds \$2 trillion worth of currency every day.

Offering

- The choice of trading; trade by telephone, through Reuters direct dealing system as well as a range of electronic trading solutions appropriate to your needs.
- A dedicated and experienced team that provides fast, competitive quotations for spot and forward value dates, whether for physical or non-delivery and the ability to deliver option solutions when required.
- Specialist service for corporate customers who need to make or take physical delivery of foreign currency as part of their commercial requirements.

Why Sucden Financial?

With an established reputation in the financial markets, Sucden Financial is an active participant in the Foreign Exchange Market, handling billions of dollars in foreign exchange transactions annually. Whether you are a financial institution looking for tight prices from a market maker, a corporate needing to hedge your currency risk, or an experienced individual investor looking for efficient electronic trading, Sucden Financial Foreign Exchange can service your needs.
